

ALL INDIA INTERNSHIP PROGRAM (AIIP)

AIIP - India's Largest Internship & Skill Development Program

“ AIIP isn't just an internship program—it's a movement to make India's youth skilled, confident, and employable!”

THE NEED FOR AIIP

- Solving India's Employability Crisis
- Bridging the Gap Between Education & Industry

Every year, **over 1.5 million engineers** graduate in India, yet **only 20-30%** secure jobs due to a lack of practical skills and industry exposure. The traditional education system often focuses on theory, leaving students unprepared for real-world challenges.

Key Challenges Faced by Students in India:

1. Lack of hands-on industry experience
2. Limited access to high-quality internships & mentorship
3. Unstructured career guidance & placement support
4. Need for industry-recognized certifications
5. Struggles in launching startups due to lack of skilled team and expert mentorship.

💡 AIIP is here to solve these challenges by transforming students into industry-ready professionals!

AIIP : Bridging the Gap Between Education & Industry to Build a Job-Ready Workforce!

AIIP's Mission & Vision

Our Mission

To bridge the gap between theoretical education and real-world industry demands by providing students with affordable hands-on internships and training. We empower students with practical skills, making them job-ready and industry-fit under expert guidance.

Our Vision

To revolutionize the education-to-employment journey by creating a future where every student, regardless of background, has access to affordable skill-based learning. AIIP aims to equip students with the skills, experience, and confidence to secure meaningful careers, building a workforce driven by real-world expertise, not just degrees.
